## Caratteristiche Strutturali

---

**Struttura**                      Legno Frassino

---

**Struttura seduta**            Legno multistrato

---

**Imbottitura seduta**        Poliuretano espanso ad alta densità, fibra di poliestere

---

**Imbottitura schienale**        Poliuretano espanso ad alta densità

---

**Rivestimento**                Tessuto / pelle

---

**Cuscino schienale**        Fibra di poliestere

---

**Puntali**                        Polimero termoplastico

## Finiture

---

**Legno**                        W01    Rovere naturale  
                                      W02    Nero poro aperto  
                                      W03    Noce canaletto

---

**Laccato lucido**            L01    Ecrù  
                                      L02    Nero  
                                      L03    Rosso  
                                      L04    Ottanio

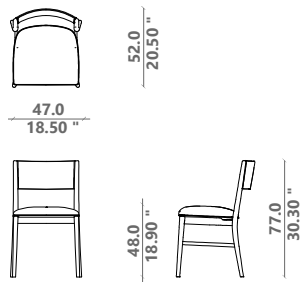

---

**Tessuto**                      Categoria A  
                                      Categoria B  
                                      Categoria C  
                                      Categoria D  
                                      Categoria E  
                                      Categoria LUX

---

**Pelle**                        Categoria F  
                                      Categoria G LUX

**ALSP Sedia pranzo**

---

**Dettagli tecnici**

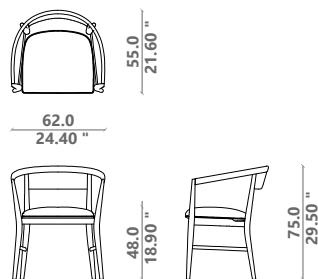

Colli: 1  
Volume: 0.24 mc  
Peso: 4 kg

Consumo tessuto: 1,20 ml  
Consumo pelle: 2,20 mq

H seduta: 48 cm

---

**ALPP Poltrona pranzo**

---

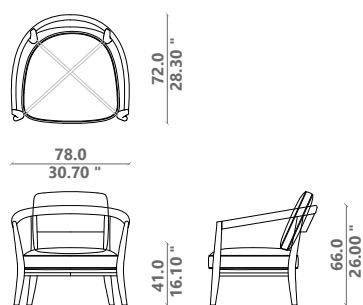

**Dettagli tecnici**

Colli: 1  
Volume: 0.31 mc  
Peso: 4.5 kg

Consumo tessuto: 1,20 ml  
Consumo pelle: 2,20 mq

H bracciolo: 65 cm  
H seduta: 48 cm

**ALPL Poltrona living**

---

**Dettagli tecnici**

Colli: 1  
Volume: 0.44 mc  
Peso: 10 kg

Consumo tessuto: 2,00 ml  
Consumo pelle: 3,60 mq
